Perhaps if it didn't happen 200+ times per day I wouldn't say anything.

I also think we live in a society where we blindly continue to turn the other cheek, or ignore things that are rude and disrespectful & our lack of calling them out has caused the problems in America today.

With the first case in NY, it is good to see that Gov. Cuomo is working closely with the Trump administration.

Both showed great leadership by anticipating the crisis.

Let's get politics out of this crisis

Let's react to facts and not create panic for partisan purposes.

@realdonaldtrump acted well in advance to prepare for this new challenge and was criticized by Democrats for it.

Let's call a Time-Out and put US first.

Sounds like anyone who's been sick needs to stay away from the elderly in our country. The CoronaVirus is knocking them out very quickly once infected...

Don't neglect your elderly family who need you, but wear a good mask and gloves. Wash your hands frequently, and take high doses of Vitamin D3 throughout cold/flu season. U.K. and German studies show that it prevents the flu, at least as well as the vaccine. No side effects

It happened to hit a nursing home because the people are elderly and frail, and therefore susceptible. Nice try though

Sounds like anyone who's been sick needs to stay away from the elderly in our country. The CoronaVirus is knocking them out very quickly once infected.

It's kind of a common sense issue. If you're sick, and you have elderly relatives/parents... Stay away from them.

Exactly, we learned in 2016 that the two parties are private clubs and that primary elections do not count as in a national election. The private party can rewrite its rules to screw whomever. What's that say about the Dems who allow it? What if your candidate got screwed?

Let's get politics out of this crisis.

Let's react to facts and not create panic for partisan purposes.

@realdonaldtrump acted well in advance to prepare for this new challenge and was criticized by Democrats for it.

Let's call a Time-Out and put US first.

Don't neglect your elderly family who need you, but wear a good mask and gloves. Wash your hands frequently, and take high doses of Vitamin D3 throughout cold/flu season. U.K. and German studies show that it prevents the flu, at least as well as the vaccine. No side effects

The Federal Reserve is cutting but must further ease and, most importantly, come into line with other countries/competitors. We are not playing on a level field. Not fair to USA. It is finally time for the Federal Reserve to LEAD. More easing and cutting!

"Botched robbery" was the official story...

Less than 24 hours after Seth Rich was gunned down in cold blood.

No investigation completed at the time. Zero lookouts given. Scene cleared in record time. Homicide detectives instructed to "stand down"

Haunts me to this day.

I'm old enough to remember when Donna Brazile gave Hillary Clinton the Debate questions so she could beat Bernie

That was awesome

Texas has the fastest growing and largest economy of any state in America... It's THRIVING!!

Entitled liberals there would like to have Bernie Sanders and the Democrats destroy that..

Why move from California to Texas to ruin what you ran from!

They're not all running, they're strategically moving to red states to try to turn them blue. As TX gets bigger co's to commit to locations here, those co's are hiring OOS or relocating current staff here which is ok, except that's usually relocating from big metros: all Libs

They aren't voting for Biden specifically. They're voting for the status quo politician that's knee deep in corruption w/ links to Obama's, Clinton's, bushes, soros etc. in hopes that they can use that to rig the election. Which is the ONLY shot anyone has at beating trump

The biggest loser tonight, by far, is Mini Mike Bloomberg. His "political" consultants took him for a ride. $700 million washed down the drain, and he got nothing for it but the nickname Mini Mike, and the complete destruction of his reputation. Way to go Mike!

Mitch McConnell used nuclear option to tamper with Supreme Court, budget trick to ram through 1% tax cut and has ignored 500+ bills House Democrats passed. He's up for re-election. If everyone who read this chipped in $5 we'd flip Kentucky ➡️

They aren't voting for Biden specifically. They're voting for the status quo politician that's knee deep in corruption w/ links to Obama's, Clinton's, bushes, soros etc. in hopes that they can use that to rig the election. Which is the ONLY shot anyone has at beating trump

What is this? Does #JoeBiden have a compulsion.

Very Cringeworthy! Does he always have to press his 77 year old face uncomfortably close to every young girl he meets!

There's a reason they call him #CreepyJoeBiden ⤵

They're not all running, they're strategically moving to red states to try to turn them blue. As TX gets bigger co's to commit to locations here, those co's are hiring OOS or relocating current staff here - which is ok, except that's usually relocating from big metros: all Libs

I am calling on Congress to send me a Bill that fully and permanently funds the LWCF and restores our National Parks. When I sign it into law, it will be HISTORIC for our beautiful public lands. ALL thanks to @SenCoryGardner and @SteveDaines, two GREAT Conservative Leaders!

The Mayor of Los Angeles, @ericgarcetti, is dealing with us trying to get the Federal Government to fix the terrible problem he and the Dems have caused with the homeless, and the horrendous effects it is having on the City, which is a mess. I then watch him talk “trash” on me!

Loyalty to any one person is not a requirement to work with government to solve the problems of the citizens of a country. America is still a democracy.

Tl;dr: The Mayor of Los Angeles is working with a bipartisan approach to solve the problems for his city's citizens, but the President is placing his own vanity above the needs of those citizens.

Mini Mike Bloomberg just "quit" the race for President. I could have told him long ago that he didn't have what it takes, and he would have saved himself a billion dollars, the real cost. Now he will pour money into Sleepy Joe's campaign, hoping to save face. It won't work!

Yep, and I am going to win the Powerball this week. These folks are unhinged. Meanwhile in 'single payer' paradise of Europe, they have nearly 5,000 cases already, barely a mention in the media.

Sadly, the people who have the means to help financially won't. I care alot but don't have ability to help more than maybe $20. But I agree this is VERY important and the truth needs to be uncovered. I pray someone will come along who can help keep this investigation going

That should have happened a long time ago. Pencil neck is irresponsible and can't be trusted with intel. He has proven that over and over with his bizarre behaviour. In fact, he should be removed from his position.

Not only is it for Justice, and the 1st Amendment, but it's costing tens of thousands of dollars that I DO NOT HAVE to fight this.

Make her take a DNA test to prove who she is. Is she really an OMAR relative, or is she actually Ilhan Nur Said Elmi?

Bottom line, one count of fraud is sufficient.

Schumer has brought great danger to the steps of the United States Supreme Court!

Yesterday, Trump literally tweeted that Chuck Schumer should "pay a severe price." He therefore canceled out any faux outrage that Chief Justice John Roberts had about Schumer's comments that the Supreme Court Justices who attack women's reproductive freedom must "pay a price."

15 31 304

Eugene Gu, MD @eugenegu · 27m
Schumer meant that the Justices should pay a political price. Nobody was advocating for any type of physical harm. And if the Supreme Court does overturn Roe v. Wade and women's constitutional right to privacy and reproductive freedom, they should rise up and make them all pay.

I love all of my followers, but I do not think people understand the severity of this case.

Not only is it for Justice, and the 1st Amendment, but it's costing tens of thousands of dollars that I DO NOT HAVE to fight this.

My efforts mean nothing if we lose..

For all of those giving "ideas" and "suggestions" We would love to be able to pursue those avenues, but it costs tens of thousands of dollars to fight this in litigation. We can't fight them unless people get behind us and back this effort for the truth..

She has 2 fraud allegations. Pick the easier charge to investigate.

Make her take a DNA test to prove who she is. Is she really an OMAR relative, or is she actually Ilhan Nur Said Elmi?

Bottom line, one count of fraud is sufficient.

Spoke to Governor @GavinNewsom early this morning about the cruise ship quarantined off the California Coast. CoronaVirus test kits have been delivered, testing is taking place now.

Eugene Gu, MD @eugenegu

Wait a minute. Why are we quarantining people on cruise ships off the coast of California? Have we learned nothing from the Diamond Princess cruise ship that was quarantined in Yokohama Bay off the coast of Japan? It became a huge outbreak because they were all stuck on the ship.

Loving it! Also, although Trump was running unopposed and Republicans had no reason to vote in the primary, he still got more votes than each of the Democratic choices! Who would've thought in my lifetime, I might see California ever this close to red. Prayers to get answered

If a Republican Senator had of made the remarks that Schumer did about RBG or others... I'm sure that the Democrats would just drop it within 24 hours and say "it's okay, apology accepted.."

If you believe this, you're a special kind of stupid..

If you're dumb enough to still go on a cruise considering everything that's happened in the last month, no one should feel sorry for you being stuck in a damn cruise ship..

This line is fitting today..

"How many assholes we got on this ship?"

"I'm surrounded by Assholes."

The media could not be played.

So you mean to say: 2 passengers tested positive. And then 19 crew(Who clean the rooms and cook the food 🤔)

This ship sailed last week and had a very few virus cases on it. It set sail again this week so the crew would be the same. They may have gotten it last week, it incubated and spread. I would expect more cases as the days go by.

All these people want to be "like other countries." They don't want to move to those "other countries." They want to have our govt forces FORCE a form of govt on us that we DON'T want. They don't want to do it themselves.

Why, exactly, would investigators be wrong to subpoena your phone records? Did you ever subpoena phone records of targets, accomplices, or witnesses when you ran SDNY? (Remember — we're just talking phone records — a list of numbers called and calling — not a wiretap)

After the U.S. Supreme Court handed Trump the victory, These judges/states think somehow they are a higher court. Waste of tax dollars.

DNC Debates were a ratings flop! People want to see Trump.

Should Trump even bother with the debates this year, which will be unfairly rigged and only serve to enrich the fake news networks with ad dollars?

Mark Meadows was representing such a gerrymandered district in North Carolina that it cut the city of Asheville in half like some kind of King Solomon trick. After redistricting because of how unfair it was, Mark probably got cold feet and couldn't compete in a more fair fight

110 355 2.1K

So now Mark Meadows is taking his chances as Trump's White House Chief of Staff, which is nothing more than a revolving door position. Don't let the door hit you on your way out Mark!

This ship sailed last week and had a very few virus cases on it. It set sail again this week so the crew would be the same. They may have gotten it last week, it incubated and spread. I would expect more cases as the days go by.

Matt, quick question, Donna Brazil did a book,where she claimed that Seth rich death made her nervous,to a point where she was looking out her windows at night paranoid & also how she found out long before the conven that HFA had a secret deal w dnc & bought the nomination 1/2

1

2/2.& screwing Bernie months before the convention so my question is how in the world is she. Donna never asked about any of the info above that's written down in a published book like its fact yet no one ever asks her why she paranoid when seth was killed in "robbery" thoughts??

People die from infectious communicable diseases everyday.

Where is the day by day death count of people who died on the streets of San Francisco & LA from diseases?

Why are those numbers not blasted allover social media?

The media needs to stop the BS.

Let's be fair here. The places you mentioned didn't have an infection rate of 100,000 confirmed cases in just a six week period.

Now, you may be right about media BS and lack of coverage on other important things, but let's not dismiss Covid just yet. Stay safe outchea, kids

For those attacking him, our side needs to learn to give credit where credit is due. It's a humbling experience, and needs to happen more. It took GUTS for him to do this. I don't care for him or his policies, but I'm unlike others in media or influencers I give credit when due.

BUT, on the same day
26,283 people died of Cancer
24,641 people died of Heart Disease
4,300 people died of Diabetes
and on that day, Suicide, unfortunately, took more lives than the virus did, by 28 times
Moreover, Mosquitoes kill 2,740 people every day, HUMANS kill 1,300 fellow humans every day and Snakes kill 137

Right now the mainstream media is gearing up to try to do the impossible:

Hide Biden's cognitive issues while attempting to fake the existence of a popular movement growing behind him.

Nothing could more perfectly illustrate the media's partisan nature

Nobody smart and a true patriot would work for Trump.

But it says a lot about your North Korean mindset that "loyal" would even make your list. We look forward to having a President who values competence more than loyalty.

Why is everyone hoarding toilet paper supposedly?

It's like a Seinfeld episode. Kramer would be selling toilet paper out of his apartment. In a disguise.

Just returned from Costco to get some coffee. It was a mad dash to the water and Clorox wipes when they opened. Adults in a full sprint with those giant carts. #idiots

The things I'm hoarding end in 223, 556, they also rhyme with Deer Chili and Deer Jerky... they might not even rhyme but they're useful unlike a Democrat

One of the worst days so far for Coronavirus was the 10th of February. On that day, 108 persons in CHINA died of Coronavirus

BUT, on the same day
26,283 people died of Cancer
24,641 people died of Heart Disease
4,300 people died of Diabetes
and on that day, Suicide, unfortunately, took more lives than the virus did, by 28 times
Moreover, Mosquitoes kill 2,740 people every day, HUMANS kill 1,300 fellow humans every day and Snakes kill 137

Pause a minute.....

One of the worst days so far for Coronavirus was the 10th of February. On that day, 108 persons in CHINA died of Coronavirus.

BUT, on the same day
26,283 people died of Cancer
24,641 people died of Heart Disease
4,300 people died of Diabetes
and on that day, Suicide, unfortunately, took more lives than the virus did, by 28 times
Moreover, Mosquitoes kill 2,740 people every day, HUMANS kill 1,300 fellow humans every day and Snakes kill 137 people every day.

Take a deep breath, and wash your hands.

We have a perfectly coordinated and fine tuned plan at the White House for our attack on CoronaVirus. We moved VERY early to close borders to certain areas, which was a Godsend. V.P. is doing a great job. The Fake News Media is doing everything possible to make us look bad. Sad!

Very disturbing. Many college campuses today are bastions of violence and simply over priced "indoctrination camps" filled with liberal professors. Very little valuable information/education takes place. Students need balanced discussions to develop & shape a personal mindset.

Do we really have to diagnose what is wrong with him? It's obvious.

However, like his corrupt pattern of selling his office for millions since he was a Senator, the Swamp Media covers it up.

They hate DJT so much, they don't care about the damage done to our country.

So wonderful in my neck of the woods- sun shining and gentle cool breeze signally spring is near.

Families taking strolls.

Went to supermarket there were no shortages and everyone was calm even joyous.

Hope you're enjoying your Sunday.

Rather than complaining about how unfair the coronavirus and the media is to you and your administration, it would be far better to focus on ways to help the American people who are scared and to act presidential during a difficult time. In fact, there are many things you can do.

Eugene Gu, MD @eugenegu 2h
For example, you can direct the federal government to issue an emergency declaration for all insurance plans, both public and private, to waive all copayments for coronavirus screening and testing. States cannot control self insured employer plans due to ERISA and it hurts care

The BEST decision made was the toughest of them all - which saved many lives. Our VERY early decision to stop travel to and from certain parts of the world!

There is already community spread of the coronavirus within the United States so stopping some flights did pretty much nothing to contain the outbreak.

Eugene Gu, MD @eugenegu · 1 сат

In fact, Trump's major initiative to control the coronavirus outbreak can be summed up as refusing to test people so that the numbers appear artificially low while the disease continues to spread undetected. Meanwhile many insurance companies refuse to pay for telemedicine.

Closing some borders while neglecting testing and preparedness inside the border to fight a pandemic, is about as effective as closing the windows at Trump Doral to fight bedbugs.

So last year 37,000 Americans died from the common Flu. It averages between 27,000 and 70,000 per year. Nothing is shut down, life & the economy go on. At this moment there are 546 confirmed cases of CoronaVirus, with 22 deaths. Think about that!

The difference between the coronavirus and the flu is that we have no vaccine nor any antiviral drug for the coronavirus. There's remdesivir, designed for Ebola, that targets viral RNA polymerase but also attacks our own cells' mitochondria. It's been tested in like 1 patient.

Funny how I had some sensitive folks attack me on Friday when I said if you're taking a cruise, you're an Idiot.

Now the State Department has backed me up... Telling people to not travel by cruise.

In the words of Major Payne... "Who's the Dummy Nooow..."

Like calling Trump "Racist" for a preemptive travel ban. These people can't see 3 inches beyond their faces, much less a useful prediction.

Elizabeth "Pocahontas" Warren singlehandedly destroyed the Bernie Sanders campaign by stripping voters away from his count on Super T. He lost states that he easily would have won if she had dropped out 3 days earlier. The DNC is doing it to Bernie again! Will he ever get angry?

He tried to help the dreamers before remember? And the Democrats wouldn't work with him. And then the dreamers found out the dems wouldn't work with Trump and they surrounded Nancy and screamed at her. She told them they don't know what they're talking about.

Mitt Romney may block a subpoena to investigate Hunter Biden & Burisma

He says the investigation "looks political"

Yet when it comes to the MOST partisan impeachment trial in history, Romney votes to convict President Trump?

He is a disgrace to the United States Senate

Democrats and the mainstream media are trying to incite panic over the Coronavirus

Yet they still push an open border agenda that allows thousands of unchecked & potentially unhealthy migrants to flow into America?
